INTRODUCTION

A showman meets with strange sites.—

Dr. Wood: Dear Sir:—Permit me to express my obligations I am under for the entire restoration of my hair to its original color; about the time of my arrival in the United States it was rapidly becoming gray, but upon the application of your Hair Restorative it soon recovered its original hue. I consider your Restorative a very wonderful invention, quite efficacious as well as agreeable.

Y^{rs} truly,
A. THALBERG.

The Restorative is put up in bottles of three sizes, viz: large medium, and small; the small holds a pint, and contains a sufficient quantity

This is a scan of a blank page from an old book or document. The paper has a warm, off-white or light beige tone, characteristic of aged paper. There are subtle variations in color across the surface, with some areas appearing slightly darker than others, possibly due to lighting during the scanning process or the natural texture of the paper. A faint vertical crease or fold line is visible near the left edge, suggesting the page's position within a bound volume. No text, illustrations, or other markings are present on the page.

It is almost every instance where the infant suffers from indigestion, that the food is found in three or twenty minutes after it is administered.

A valuable preparation in the prescription is **WIND-ROTTING, FOR COLIC, AND FOR INFANTS OF THE PENITENCED AND SAIL-NURSES** in New England, and has been **well known** for many years.

THE NEW YORK INFANTS' HOSPITAL not only relieves the child from pain, but cures the stomach and bowels, corrects the action of the liver, and restores the whole to health.

It will almost instantly relieve the infant in the **Bowels, and Wind Colic**, over-feeding, and indigestion.

FOR CHILDREN TEETHING. — If the child is teething, it will be found that the child is teething, or from any other cause. We say to every mother who has a child, that if she is the foregoing, she should let her husband, or the friends of others, stand between your husband and the child, and let the child be **ABSOLUTELY SURE** to follow the

negative, if timely made. Full directions for use are printed on each bottle—prescriptions unless the formula of CURTIS' KIDNEY PILLS, New York, is on outside wrapper. For Dispensing by Mail, apply to the Dispensing Office, No. 13 Cedar Street, N.Y. ONLY 25 CENTS PER BOTTLE.
